On 8th/9th December 1890, a Lieutenant Colonel Cooke enquired if the Commissariat Department could have on a lease for 5 or 10 years the a catchment area of Sankey's Reservoir, as otherwise it would not be advan= =tageous to purchase Devamma's land because silo operations could not then be conducted, and was replied in the negative, as the Chief Engineer said that the Government had formally cancelled the lease of the Commissariat Department and thrown open the a right to graze and cut grass free

Lieutenant Colonel Cooke said in reply, that at the time of taking over the land by his Department, nothing was stated as to any expenses or charges to be incurred, and desired to know if the owner would sell the land for Rs. 112-8-0, the price named by Mr. Madhava Row. But Dwamma would not forego her claim for compensation for loss of crops, and the same was intimated in this Office No. 1496 dated 6th December 1892. Submitting for orders a report on the Compensation claimed by Devanna of Bangalore for land made over to the Commissariat Department

References (to be entered only in the Dewan's Office).

Memo. — for orders —

Devanna's land has been made over to the Commissariat Dept in 1887-88 by virtue of the verbal request of the Asst: Commissary Genl.

The terms on which the land was so made over for Silo operations are not known. Mr Ricketts may perhaps explain matters.

The compensation for loss of crops is fixed at Rs: 10/- per acre for wet land & Rs: 5 for dry land.

The Commissariat Dept will now move for the land & refer the applicant to the Revenue for compensation.

The land requires to be given back to the applicant. This is stated to entail loss of Rs: 95. The applicant has excluded from the land for erecting fodder stacks. The question is how should matter be settled — instead of giving him Rs: 95 + (10 per annum) the land may be taken over by Govt & rupees [illegible]

The lands described in the margin, which are situated in the Vaiyyali Kaval, Bangalore Taluk, belong to Devamma. In 1887-88, these lands were made over to the Commissariat Deptt by Mr L. Ricketts at the verbal request of the then Deptt Commy General. In September 1890, the Bangalore Taluk Amildar mooted the question of compensating the owners of the lands for

In Nov^r 1890, Mr V. P. Madha

a temporary compensation
of Rs. 10 per annum and
a reasonable cost for filling
up the silo pits should be
paid to the owner by the
Comm^t Deptt, and that
if she agreed to part with
her lands, the Comm^t
Deptt might purchase the
same for Rs. 112/8. In June
1892, it was again proposed
that the Comm^t Deptt should
pay the owner a compensation
of Rs. 40 for four years &
Rs. 95 for filling up the
pits, if that Deptt did
not require the lands, &
return the same to the owner.

that she claimed compensation

5. Mr. L. Ricketts, whose report was also called for, says that he does not remember the circumstances under which the lands were obtained for the Commsh Deptt, but refers to the Bangalore Taluk Amildar's letter of 1890 above referred to. He further states that the Commsh Deptt having obtained possession of the land, it is nothing but fair that they should pay compensation to the owner yearly for loss of crops & that the same should be paid by them at Rs. 3 per annum, as fixed by the Amildar in 1890. for the last 2 years in addition to a sum of Rs. 95 being the estimated cost of filling up the pits to be incurred by the owner.

6. It will be observed from the Auditor's letter of 1892, that he proposed to the Commr. Deptt that they should pay an annual compensation of Rs. 3 from 1890 till they kept the lands in their use, & Rs. 10 to 15 for the previous years. But Mr. Richetto says that compensation may be paid to Devamma at Rs 3 per annum for the past 8 years. This seems to be unfair, for, the Commr. Deptt said in 1893 that they would give a compensation of Rs. 20 for the 2 years during which the Silo operations were carried on. & return the land to the owner, if she did not like to sell her lands for Rs 112/8/- Under all the circumstances

"Please see Deptt's No 965 of 9th May 1893 marked I in the correction papers

of the case, it seems reasonable to
that Devamma should
be paid —

(1) 20 Rs. for the 2 years
1887-88 & 1888-89 @

(2) 3 Rs. per annum
from 1890 till the
Commr. Dept. actually
over possession of the
lands

(3) Rs. 95 for filling
up the pits —

But the question for consideration
~~Commissioner's Proceedings~~
is, how the money is to come from.
Mr. Commissioner's Office
once said that it would
either increase the land tax Rs. 112-8-
or pay a compensation of
Rs 20/- for 2 years (from 1888 to 1890)
during which the Silk plantations
were conducted, but the owners
of the land not having consented
to this arrangement, he withdrew
the proposals & referred the applicants
to the Darkast.

Sir,

With reference to your letter No 4374 of the 30th September last I have the honor to state that records are forthcoming in this office also to show under what circumstances the land was taken up for silo operations but it is reported to have been made over in 1887-88 at the verbal request of the then Assistant Commissary General and with the consent of the owners.

2. An uniform rate of temporary compensation of Rs 10/- per annum payable for the past 3 years has been now fixed by the Amildar in consultation

with the arbitrations and the owner which seems reasonable. The Amildar is of opinion that if the land were now relinquished by the Department the owner could not cultivate it without incurring a heavy outlay in filling up the silo pits.

Under the circumstances it would be advisable to purchase it for Rs 112-8-- a fair price considering the prevailing rates at which similar lands are now sold in the vicinity.

The enclosure received with the letter under reference is herewith returned.

Reference No. 1426 Dated 9-11-90

Sir,

In reply to your letter No. 839 of 10th September 1890 regarding compensation on account of land taken up for silo operations by this Dept., I have the honor to say that no correspondence can be traced on this subject in this office, and I request that papers, if any, as to how the land in question came to be made over to the Commissariat Dept. may be forwarded for reference & return.

The proposal of the Amildar as contained in his letter of 2 Sept. 1890 herewith (to be returned) are not clear. In the 2nd para the Amildar says that assessment on the land is Rs 1-8-0 a year and proposes that a double the assessment may be paid to the owner, in future, but in the 3rd para the payment of a compensation of Rs 10 6 15 is recommended for the past year. I think the compensation

that

that may be payable every 20
year for the occupation
of the land ought to be

In the event of the
land being purchased

That if the land were now sold by the

SIR,

I have the honor to acknowledge the receipt of your letter No. 1196 of 6th December 1892 stating that the rents of the land in which the fits were due by the Commissariat Dept. within the Cantonment area must be Rs. 112. 8. 0 as the price of the land besides Composition at 10 per annum from 1887-88.

that it appears to have all along been intended to settle this Case by payment to the Owner of the Land either Compensation or Value of Land. Such being the Case it is not understood why Price and Compensation both are now applied for.

3. As the terms on which the Land was originally made over are not available and as it is doubtful whether the Claim will after such a Lapse of time be recognized, it would seem preferable to induce the Owner to accept the Price alone as suggested by Dr Mathews &c.

4. The Sanction of the Municipal Council will be necessary for incurring Expenditure on this account and I hope you will be able to come to a satisfactory arrangement

Has the honour to state that nine silo pits were dug by the Commissariat Dept, ~~during~~ during 1892-93, on a piece of land belonging to one Davamma, who is reported by the Amildar of the Bangalore Taluk, to be now at Kammanahalli in the Attibele Taluk.

The said Davamma now demands Rs 112-8-0 as the price of the land taken up for silo operations besides compensation at Rs 10 per annum from 1887/88. The spirit of the correspondence carried on between this office & the office of the Ch Commissariat Offr, Bangalore Dept has been that after compensation or value of land should be paid to the owner.

F. 2164

Under the circumstances the Ch Commrs Offr states in letter No. 5591 of the 20th ult, that it is preferable to induce the owner to accept the price alone having in view also the difficulty of her claims being recognized by the Commrs General after such a lapse of time especially as the reasons which the land was originally made over are not available.

The undersigned therefore requests that Darunnah Sirkar about the matter may be kindly ascertained, after making her realize her position as pointed out by the Ch Commrs officer, & her wishes intimated to this office as early as possible.

SIR,

I have the honour, reply to your letter, No 1895, dated 1st May, 1895, regarding the compensation land on which Silk pits were dug by this Department for you:—

At the time the land was surrendered over to this Department, it was certainly understood that it belonged to Government and the fact that it was owned by a private person was not known until receipt of the Bangalore Standard letter dated 22nd September 1890, when the Silk operations had been entirely abandoned. No compensation was then made, & the such expenditure should be borne by the Mysore Government who made over the land to this Department free of any and all charges.

Caledonian Stm. Pg. Co.—No. 6 C C O E—10-8-92—500

3. Considering, however, that the land was made use of by this Department during the years, the Deputy Commissioner was communicated with, and in his letter dated 17 November 1890, Mr. T. E. Riddiford Esq., recommended its purchase at Rupees 112—8—0 and the question of any further compensation was never then mooted.

4. I am not aware at all certain if Government would sanction after the lapse of time either the purchase of the land in question or payment of any compensation but I will however make a representation to the Commissary General in the subject if you can arrange for the Owner to sell the land through Civil Office for Rs 112—8—0 or take back the land on payment of Compensation for 2 years from 1894 to 1895 during which period only the Depot operations were conducted at Rs 1/- a year, the rate proposed in your letter.

Sir,

In reply to your letter No. 1776 of the Military Authorities transmitting to the notice of the Resident of the Civil and Military Station Municipality, the bad state of the bridge over the small nullah running under the road leading past the Military Lancaster Barracks to the Agram Palace, and as the bridge was supposed to be outside the limits of the Civil and Military Station, the Executive Engineer, Bangalore District, was asked to undertake the necessary repairs, I beg to forward the matter to the Deputy Commissioner of the Bangalore District as he considered the Nullah in question to be within the limits of the Bangalore City Municipality,

the

the Deputy Commissioner Lawes was of opinion that the bridge belonged to the Military Department and needed no repairs, except the removal of temporary dams put up by gardeners.

2. I am to enclose a sketch showing the position of the bridge, and to request that, as it is most desirable to be informed the limits of the Civil and Military Stations, being at present the boundary line No XVI, the Police will be released to take immediate action in the matter.

3. I am to observe that a perusal of the papers relating to this subject shows that direct correspondence has taken place between the President of the Municipal Commission and Officers of the Military Government, & no precedent is disturbed to the established custom and has resulted in unnecessary delay. On this occasion attention is invited to this office letter No 836/153 dated the 4th July, 1872.

From

The Assistant to the Resident in Mysore
Bangalore

To

The Dewan of Mysore

Dated Bangalore 7th July 1837

Sir,

With reference to the correspondence on the subject of the Kote Ranges in Bangalore which ended with the office letter No. 535-319 of the 25th October 1832, to your address, I am desired by the Resident to make the following remarks.

2. You are aware that the old Butts or Kote Ranges for British troops were on land adjoining the Kote ground and were set apart for the purpose in the time of the administration of H.H. the late Krishnarajah.

3. When Lt. James Gordon, as Civil Commissioner, planned out the part of Bangalore to be assigned as the Civil and Military station and the part to be left to the administration of the Carna he excluded the old Butts and ranges, because they cut in two the part left to the Durbar and for other reasons also,

and

and arranged that the Mysore Govt should give a new Kejri Range towards Kebbai in exchange. On this however the Military authorities subsequently objected and the Government of India thereon decided that the old Range should be retained and should be included in the Civil and Military station. This order was not however carried out as on further representation, the Military Authorities withdrew this objection and the Government of India then agreed to the Kebbai Ranges being taken in lieu of the old range. The Resident accordingly requested the Military Authorities to surrender the old and take over the new lands, which after some delay pending completion of certain works, was done in the beginning of October 1852.

4. So far the correspondence had been through the Resident, and he had been aware of what was done, but it appears that the Military Authorities after taking over and commencing to actually use the Range, found that its boundaries as fixed by the Mysore Civil Officers, were insufficient and unsuitable, and therefore in July 1853, the General commanding the Mysore Division, through the Assistant Quarter

It is desired that you will issued similar instructions to officers of the Bangalore Government. Mr. Arnold is then surprised that the necessity was not perceived in this case.

7. In conclusion, I am directed to request that may be so good as to supply the Resident with a complete copy of the correspondence between the Secretary to the Bangalore Government, P.W. Department, and the Assistant Quarter Master General for record in this office

8. The file of papers received under cover of your P.W.D. Secretary's letter dated 17th December 1853 is returned.

No. 3286

FROM

THE FIRST ASSISTANT TO THE RESIDENT IN MYSO

TO

The Dewan of Mysore

Dated Bangalore, 7 September 1895.

SIR,

With reference to your letter C.[illegible] 1895
[illegible] dated 2nd instant, I am directed
to state that intimation has been received
from the Commander-in-Chief, Madras,
Command, that the rifle pit reported
to have fallen in Mayhadi and that
about the end of last month the Com-
manding Officer, Bangalore District,
inspected the pit and found that the
earth used in filling them had sunk
from one to three feet. He reported that
the pits have now again been filled up to
ground

and land.

As nothing is known on the Ship. I can merely refer to the enclosure Demand, & pray it may be directed to apply to him for the restoration of the Landria question.

I have the honor to be

Sir,

Your most obedient Servant

K. D. Erskine Captain.

First Assistant to the President.
